Name:_____ Date:_____ Class_____

TASK Disable and enable supplemental restraint system (SRS).

MLR 4A2 | AST 4B1 | MAST 4B1

Time off_____

Time on_____

Total time_____

CDX Tasksheet Number: C168

1. Locate "disable vehicle SRS system" in the appropriate service information for the vehicle you are working on.
   a. **List or print off and attach to this sheet the safety precautions to be taken when disabling the SRS system:**
   b. **List or print off and attach to this sheet the steps to disable the SRS system:**
   c. **List or print off and attach to this sheet the steps to enable the SRS system:**
2. Have your supervisor/instructor verify your listed procedures. **Supervisor's/instructor's initials:** _____
3. Disarm the SRS system.
4. Have your supervisor/instructor verify that the SRS is disabled. **Supervisor's/instructor's initials:** _____

> **NOTE** You may want to consider skipping to task C169: Remove and replace steering wheel; center/time supplemental restraint system (SRS) coil (clock spring) since it requires disabling the SRS. Return to this step when you complete that task and re-enable the SRS.

5. Following the specified procedure, enable the vehicle's SRS.
6. Have your supervisor/instructor verify satisfactory completion of this procedure, any observations found, and any necessary action(s) recommended.
