Time on \_\_\_\_\_

Total time \_\_\_\_\_

**CDX Tasksheet Number: C958**

1. Operate the windshield washer and observe the spray pattern. **Are the patterns appropriate? Yes:** \_\_\_\_\_ **No:** \_\_\_\_\_
2. If the washer works properly, operate the windshield wipers on each speed and verify proper operation. **List your observations for each speed:**
3. **If the wipers are equipped with a delay feature, operate that (with water on the windshield) mode in a few positions. List your observations:**
4. Place a large folded-up towel or cloth fender cover on the windshield where the wiper would hit it.
5. Remove the wiper blade from the wiper arm, being careful not to break any locking tabs.
6. **Have your instructor verify removal. Supervisor's/instructor's initials:** \_\_\_\_\_

**NOTE** Also ask your instructor if he/she would like you to remove the wiper insert from the blade, and do so if requested.

7. **Determine any necessary action(s):**
8. Have your supervisor/instructor verify satisfactory completion of this procedure, any observations found, and any necessary action(s) recommended.
